Town Notice: Hydrant Flushing & Water System Updates

The Honea Path Fire and Maintenance Department will be flushing hydrants May 5-9 to ensure they're working properly and to help maintain water quality.

Please Note: • Temporary water discoloration or pressure changes may occur

• Run your water for a few minutes if discoloration happens

Meanwhile, the waterline replacement project is wrapping up. Crews will begin pouring sidewalks, patching roads, and connecting homes to the new lines.

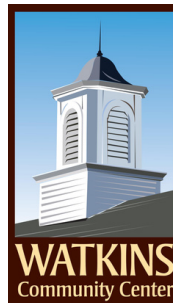

New roll carts are expected to be delivered within the next three weeks.

Thank you for your patience as we continue improving our town's infrastructure!

When using outdoor grills, keep them at least 10 feet away from your house and avoid placing them on porches or anything with a roof or any part of a building.

The Honea Path Rec is in Full Swing! 🏆🏆

Our baseball and softball seasons are off to a great start, and we're proud of how well our teams are doing in league play! A huge thank you to the coaches, umpires, and parents who help make it all possible. We're grateful you've chosen Honea Path as your Rec center home. Big things are also happening at the pool! Thanks to the support of the Empower Honea Path team and our Town Council, we're making some much-needed upgrades. We're aiming to have the pool open and ready by May 22—just in time for summer! We'd also like to extend our appreciation to Officer Jordan Smith for providing security and helping keep everyone safe during our games. Thanks for your continued support, and we'll see you at the ballpark—and the pool soon!
